OPTION A

1.
Germany has been recognized as the country that offers the most support to foreign students. In addition to the quality of its educational system, it also stands out for the wide participation of students in study programs abroad. In the Freie Universitat from Berlin students from America, China or Germans participate in seminars where they are taught in English and for which all pay the same fees.
2.
a) False "...is the growing number of courses taught entirely in English, so students can complete degrees without ever having to speak German"
b) True "There are more students from Germany studying abroad than from any other European country ..."
c) True "To go to university in Canada means taking on debt"
d) False "...and it doesn't cost more for foreign students than it does for German students"
3.
a) abroad b)(tuition) fees
c) barriers d)debt
4.
a) least /i:/ b) foreign /ɒ/ instead of /ɔ:/
c) doesn't d) graduate
5.
a) Higher fees aren't paid by foreign students in Germany
b) While in Germany it's practically free to go to university, in Canada it means taking on debt
c) Students don't have to speak German in order to complete degrees
